March 2010

Description: Rubber scraper mat designed to act as a scraping surface and traction mat. The raised "finger like" rubber protrusions scrape away dirt, snow and debris, while improving safety by increasing traction. Dirt, moisture and debris are then contained within the mat, increasing traction and safety, and minimizing dirt and cleaning costs.

Material: Natural and recycled rubber products

Sizes: 24 inch x 32 inch, 15lbs.
32 inch x 39 inch, 25lbs.
36 inch x 72 inch, 50 lbs.

Thickness: Overall gauge is 14mm or (just over ½ inch thick)

Available Border Colors: Black, Yellow, Red, Brown, Blue.

Applications: Airport Entryways, Barns, Boat Docks, Boats, Buses, Car Shops, Commercial Side-Boards, Concerts, Construction Sites, Corridors, Cruises, Entryways, Equipment Rental, Farms, Golf Courses, Grocery Entryways, Hospital and Medical Buildings, Hotels, Inclines, Industrial Aisles, Lumber Yards, Mall Entryways, Mountain Resorts, Outdoor Events, Scraper Mat, Shop Matting, Skating Rinks, Ski Resorts, Slip Protection, Snow & Ice, Special Events, Storerooms, Traction Mat, Walkways, Warehouse Flooring, Wet Areas

Finger-Top Surface: Finger like surface texture of this mat makes it an ideal scraper for high traffic commercial entryways. Keep your indoor flooring clean by strategically placing two mats on each side of entry doors (i.e. indoor and outdoor). Most importantly the finger like surface texture maximizes safety and traction, by reducing the possibility of slips due to moisture.

Bright Colored: This mat is available with a bright (yellow, brown, blue, red) beveled edge which increases the visibility of the mat. This increases awareness and safety by alarming oncoming foot-traffic of the location of the mat.

Cleaning: The resilient rubber surface resists common liquids and the runner can be cleaned by any common commercial or household cleaning agents. The runner can also be hosed or mopped in outdoor applications. Once dried the product can be reinstalled with ease.

Natural & Recycled Rubber: This mat has a combination of both environmentally friendly base rubbers, recycled and natural.

Availability: The Door Scraper mat is stocked and will ship within 24 hours.
