<u>Unmatched Durability:</u>	Puzzle-Lock is designed to withstand the most abrasive conditions. Made from 100% recycled rubber, it is designed for commercial applications with heavy foot traffic. This product is specifically designed and manufactured for durability.
<u>Resilience:</u>	Anti-Fatigue qualities found naturally in rubber are further enhanced by a space age polymer binder used during manufacturing. Each mat is fabricated from thousands of rubber granules and offers superior underfoot comfort and resilience to cushion the shock from running, exercising, walking and standing.
<u>Installation:</u>	This interlocking mat can easily be installed on site by almost anyone.
<u>Cleaning:</u>	This product can be cleaned using any everyday household cleansers or cleaning implements. Indoor cleaning involves a broom damp mop or vacuum cleaner. If desired a mild detergent can be used to sanitize the surface.
<u>Recycled Product:</u>	This product is made from recycled tires. Waste tires!!! Over one quarter of them currently end up in land fills. What better idea could possibly exist than converting these same old spent rubber tires into a surfacing product to beautify your floors! The Puzzle-Lock is always in stock and will generally ship within 24 hours.
