RUBBER**

March 2010

**Description:** The Safe-Grip Matting is a 7 mm thick rubber matting product produced from Natural rubber. This mat contains drainage holes that allow liquids to pass through, reducing the risk of slips and falls. The raised protrusions also provide excellent scraping action to remove dirt, mud and debris from the bottom of shoes. The rubber in this product offers excellent durability, making it ideal for commercial and industrial applications.

**Material:** Made From Natural Rubber (NR)

**Thickness:** 7mm (0.27 inches)

**Sizes:** 34 inch x 2 ft  
34 inch x 4 ft  
34 inch x 8 ft  
34 inch x 50 ft

**Custom Sizes:** Rolled version of the Safe-Grip Mat can be purchased in custom lengths up to 50 continuous feet (in half foot increments). Full rolls would weigh 150 lbs.

**Colors:** Black, Brown, Red

**Weight:** One pound per square foot

**Natural Rubber:** The source of natural rubber latex is the Para rubber tree, making this a more environmentally friendly elastomer than its synthetic (petroleum based) counter-parts. This product is subject to microbial and aerobic biodegradation, hence it is biodegradable. Natural rubber has superior rebound and elasticity, so the mat will provide the more comfort and bounce.

**Applications:** Art Studios, Athletic Areas, Barns, Buffet Lines, Clubhouses, Coffee Shops, Deli's, Elevators, Entryways, Farms, Gyms, Kitchens, Locker-Rooms, Laundry Mats, Pet facilities, Pools, Floor Protection, Restaurants, Retail Shops, Showers, Ski Resorts, Spas, Temporary Applications, Waiting Rooms, Wet Industrial Applications.

**Traction:** Excellent Traction and light drainage qualities make this mat perfect for food & beverage or locker-room applications, which require lightweight, grease resistant mats for easy handling. Recommended for general use in factories, animal groomers, outdoor shower, laboratories and industrial areas where the ground surface may be wet.

**Cleaning:** The Safe-Grip Mat has excellent resistance to most common commercial cleaning agents and can be cleaned using any common commercial equipment.

**Availability:** This mat is generally in stock.
