

Super-Grip Scraper

Specifications

March 2010

Description: Pyramid-Top rubber mat designed to act as a scraping surface and traction mat. The raised pyramid shaped knobs help remove dirt and debris, while improving safety by increasing traction. This product offers the ultimate traction and grip.

Material: SBR (Styrene Butadiene Rubber), Reclaimed and Recycled Rubber products

Width: 48 inch

Length: 50ft rolls (custom lengths up to 50ft are available)

Thickness: Overall gauge is 5mm or 0.20 inches (just under 1/4 inch)

Weight: 1.35 lbs per square foot, (270lbs per roll)

Hardness: 60 Shore A

Compression: 36% @ 50 PSI

Tensile Strength: 600 PSI

Available Colors: Black

Applications: Airport Entryways, Barns, Boat Docks, Boats, Buses, Car Shops, Commercial Side-Boards, Concerts, Construction Sites, Corridors, Cruises, Entryways, Equipment Rental, Farms, Golf Courses, Grocery Entryways, Hospital and Medical Buildings, Hotels, Inclines, Industrial Aisles, Lumber Yards, Mall Entryways, Mountain Resorts, Outdoor Events, Scraper Mat, Shop Matting, Skating Rinks, Ski Resorts, Slip Protection, Snow & Ice, Special Events, Storerooms, Traction Mat, Walkways, Warehouse Flooring, Wet Areas.

Permanent Installations: The Super-Grip Scraper can be permanently installed with Chemrex® CX-941, a polyurethane based adhesive.

Temporary Installations: For most applications, this runner product can be held with Orcon DS-PS, a double sided carpet tape. The DS-PS which is applied to the edges and entryways, is an excellent and assertive means to hold the runner down. The use of the DS-PS is highly recommended for an effective entry and traction application. This way the rubber roll can be easily removed cleaned and re-installed.

Sub-Surface: The textured fabric finish on the subsurface of the rubber matting adds extra grip in temporary uses where neither permanent adhesive, nor semi-permanent double sided tape is being used.

Modular Flooring: This runner is very lightweight and can be used in functions which require ease of mobility of the roll.

Custom Cuts: This runner is offered in 48 inch widths, and it can be purchased in any lined length up to 50 feet (half foot increments).

Resilient Surface: The resilient rubber surface resists common liquids and the runner can be cleaned by any common commercial or household cleaning agents. The runner can also be hosed or mopped in outdoor applications. Once dried the product can be reinstalled with ease.

Availability: The Super-Grip Scraper is always in stock, and will generally ship the same day (allow 24-48 hours for custom cut lengths).

Full Rolls	1-4 rolls	5-19 rolls	20-49 rolls	50+ rolls	In stock
5mm x 48" x 50ft	\$481.00	\$444.93	\$420.88	\$384.80	Yes
