

Description: This is a rolled rubber matting product made from natural rubbers and synthetic rubbers. Terra-Flex is a "premium" rubber roll used for applications requiring a resilient rubber floor. With "premium" rubber materials, Terra-Flex rolls provide exceptional anti-slip, abrasion and impact protection.

Material: Natural Rubber & Synthetic Rubber

Width: 48 inch

Length: 50ft, Custom lengths up to 50 continuous feet are available upon request.

Thickness: 2mm

Weight: 130lbs/roll

Hardness: 85 +/-5 Shore A Nominal, ASTM D2240

Density: 1.5

Colors: Concrete, Mount Olympus, Kalahari Desert, Slate Stone

Temperature Stability: $\Delta E < 8$, ASTM F1514

Abrasion Resistance: < 0.7 , ASDTM D4060

Chemical Resistance: 23C, 1hr: 2%NaCO₃, 3%H₂SO₄
DIN 51958
There is no abnormality when immersed in Alkali or Acid

Halogen-Free: Yes. There was no detection of Fluorine (F), Chlorine (Cl), Bromine (Br), or Iodine (I).

Linear Dimensional Changes: CD: +0.2%, ASTM D1204, 80 C, 6hrs
MD: +0.2%

Fireproof: Class I, ASTM E648

Anti-Slip: > 0.6 , ASTM D2047

NBS Smoke Density: < 450 , ASTM E-662

Cigarette Burn: After exposing Terra-Flex rubber rolls to the tip of a glowing cigarette, there was slight discoloration but no presence of charring.

Applications: Airports, Art Studios, Bathrooms, Boats, Clubhouses, Commercial Vehicles, Conference Rooms, Garage Flooring, Gyms, Health Clubs, Home Gyms, Industrial Applications, Kid's Rooms, Laundry Rooms, Locker Rooms, Movie Sets, Music Studios, Play Areas, Show Rooms, and Stock Rooms.

Earth Tones: This product is available in earth tones and colors that are rarely found in rubber flooring. Unlike recycled rubber products, which are limited to dark colors, Terra-Flex rubber rolls come in a variety of attractive colors that can easily complement any décor theme.

Premium Rubber Floors: Terra-Flex rubber flooring is a "premium" natural rubber and synthetic rubber product. This means that your flooring will be made with the highest quality rubber materials available. Natural rubber and synthetic rubber are inherently high quality and both offer unparalleled durability and protection.

Rubber Scent Minimized: Since this product is made from the highest quality virgin rubber products, the rubbery scent present in other recycled rubber flooring rolls, is minimized in the Terra-Flex Rolls.

Permanent Installations: Terra-Flex rubber flooring can be permanently adhered to a hard subsurface using BASF Chemrexx® CX-941 Adhesive (this product requires a solvent-free adhesive).

Temporary Installations: This product can be installed on a semi-permanent basis with double-sided carpet tape. Shurtape DF 545 is the recommended double sided tape. This double-faced cloth tape can be removed cleanly without leaving any residue behind, should this rubber floor product require removal.

Indoor Product: This rubber matting product is not recommended for outside use. Extended exposure to sunlight can lead to discoloration in this Terra-Flex product.

Cleaning: This product can be cleaned using everyday household cleaners or cleaning implements. Indoor cleaning involves a broom, damp mop, or vacuum cleaner.

Natural Product: This product has a high content of natural rubber. Natural rubber sap is a sustainable resource that is harmlessly extracted from Para rubber trees and gives this product its enhanced durability and elasticity. Not only is this product durable and aesthetically pleasing, it is also an environmentally friendly flooring option!
We have produced two videos shot in Malaysian and Indian rubber plantations depicting this sustainable method of rubber production. To become better acquainted with natural rubber and its extraction from trees please visit: http://www.rubbercal.com/Video_Blog.html

Custom Cuts: Buy this rolled product in any length. Custom lengths up to 50 feet are available so as to limit waste, lower overall costs, and make installation easier for the consumer.

Availability: The Terra-Flex rolls are usually inventoried in every color and shipped within 24 hours of purchase. Even custom-cut orders can ship within 24 hours.

Full Rolls	1-4 rolls	5-19 rolls	20-49 rolls	50+ rolls	In stock
2mm x 48" x 50ft	\$849.00	\$798.06	\$768.35	\$721.65	Yes
Prices above are per roll.					
Custom cut lengths	1-49 feet	50-249 feet	250-999 feet	1000+ feet	In stock
2mm x 48" x Custom Lengths	\$18.90	\$17.56	\$16.90	\$15.88	24-48 hours
Prices above are per linear foot. Maximum length is 50 continuous feet on any roll.
