

Description: Interlocking matting product made from recycled and synthetic rubbers. A "premium" rubber tile used for applications requiring anti-slip, anti-fatigue, abrasion, and impact protection.

Material: Synthetic & Recycled Rubber

Size: 24 inch x 24 inch (approximate)

Thickness: 1/4 inch

Weight: 8.5lbs per tile

Hardness: 80 Shore A Nominal

Tensile Strength: 8.0 mPa minimum

Available Colors: Blue, Caramel, Light Tan, Green, Gray

Custom Colors: Custom colors are available, just pick your Pantone color and we will develop a Terra-Flex tile to suit your spatial design. To find the appropriate color please visit www.pantone.com and provide us with the matching color code. For a cost of \$2500 we will develop and provide sample tiles. The cost will be fully credited when a purchase is made. Minimum number of tiles for any custom order is 4000 units. Specific lead times will be provided based on the depth of the color development and the quantity of the tiles required.

Applications: Airports, Animal Care Facilities, Anti-Fatigue Flooring, Art Studios, Assembly Lines, Baseball Dugouts, Boats, Break Rooms, Clubhouses, Commercial Vehicles, Daycares, Floor Protection, Garage Flooring, Golf Courses, Gyms, Health Clubs, Home Gyms, Ice Rinks, Industrial Applications, Kid's Rooms, Locker Rooms, Movie Sets, Music Studios, Pet Care, Play Areas, Sound Proofing, Spike Protection, Sport Equipment, Stalls, Stock Rooms, Treadmills, Weight Rooms, Yoga.

Unmatched Quality: Terra-Flex is a premium rubber tile designed to withstand the abrasive conditions while offering excellent anti-fatigue qualities. Made from recycled and synthetic rubbers, it is designed for commercial and residential applications with heavy foot traffic. This product is specifically designed and manufactured for aesthetics, comfort, & durability.

Aesthetics: This tile is available in unique earth-tones and lighter colors, which are generally not the case in recycled rubber materials. The lighter colors, as opposed to the standard black flooring, make for brighter and more illuminated spaces.

Installation: This interlocking mat can easily be installed on site by almost anyone.

Vanilla! The natural odor of rubber is enhanced with aroma of vanilla beans. This will also enhance the overall experience of the product for the end-user.

Recycled Content: This product has a recycled rubber component hence it makes for an earth-friendly rubber floor.

Availability: The Terra-Flex in stock colors is almost always inventoried and will generally ship within 24 hours.
