

Dura-Chef (7/8")

Specifications
August 2021

<u>Description:</u>	Our thickest and most comfortable rubber drainage mat is recommended for use in commercial kitchens. This mat is 7/8" thick and provides superb anti-fatigue flooring. The holes in this perforated rubber mat provide excellent drainage allowing liquid and debris to pass through while still ensuring the safety or anti-slip flooring. Sustainable natural rubber is used in producing these mats which also guarantees flexibility and durability.

<u>Installation:</u>	Dura-Chef (7/8-inch) can be interlocked with a rubber connector. This feature allows multiple mats to be conjoined and minimizes possible movement when heavy foot-traffic accesses the rubber mats.
<u>Safety:</u>	The 7/8-inch Dura-Chef mat offers excellent traction even when the surface is moist. The large drainage holes trap dust, dirt, liquids, and grease beneath the surface of the mat to prevent slips. The rubber comfort mat ensures safe footing and maximizes worker productivity while also reducing the risk of injury.
<u>Comfort:</u>	The 7/8-inch thick resilient and soft cushioned rubber doubles as an anti-fatigue mat. This very comfortable mat is ideal for jobs requiring long periods of standing, thus making for happy and productive employees.
<u>Reversible:</u>	This mat is fully reversible which prolongs the life-cycle of the product.
<u>Grease Resistance:</u>	Dura-Chef (Red) has high contents of the elastomer Nitrile which has excellent resistance to all oil and grease products and also possesses excellent abrasion resistance. The red version of this rubber mat is ideal for fry stations, meat packing plants, butcher shops, or anywhere greases, fats, and oils may be present!
<u>Availability:</u>	All varieties of the 7/8-inch Dura-Chef are generally in stock and can be shipped within 24 hours.
