

# “Stars” Rubber Stair Mats

Specifications  
August 2021

<u>Description:</u>	If you think you’re seeing stars, you’re probably right! Our Stars rubber stair treads are cheap and durable all-weather step mats made from natural, reclaimed, and recycled rubber materials. The striking star pattern on these mats makes them aesthetically pleasing without compromising their functionality. These are the perfect step mats for any outdoor patio or home stairway!
<u>Material</u>	Natural and reclaimed rubber products
<u>Sizes:</u>	10.25" x 29.75", 1.25 lbs. per mat
<u>Thickness:</u>	1/8"-inch
<u>Available Colors:</u>	Black.
<u>Applications:</u>	Anti-Slip, commercial stairways, indoor stairs, outdoor stair cases
<u>Sustainable:</u>	Stars rubber stair treads are made from 100% natural, reclaimed, and recycled rubber materials. They are an eco-conscious and affordable safety flooring option for many applications.
<u>Traction:</u>	Rubber has a natural coefficient of friction and is considered to be an excellent non-slip flooring option. For outdoor staircases that see their fair share of moisture, these stair step mats are up for the job! The design of these mats allows for moisture to drain through the holes and keeps it away from the surface of the mat. This feature, along with the already inherent traction, keeps potential slips and falls to a minimum by offering extra safety and security.
<u>Safety:</u>	These mats easily define the size of each step on a staircase for easy access and visibility. The added layer of traction also ensures that when anyone is using the stairs their footing is secured.
<u>Installation:</u>	The weight of these mats is enough to hold them down! For temporary installations that may require extra assurance, a double-sided tape is more than sufficient to keep these mats in place. Without the need for messy adhesives or installers you save money and time with these “Do-It-Yourself” step mats.
<u>Cleaning</u>	Simply shake, brush, or rinse this rubber matting for quick and easy cleaning!
<u>Availability:</u>	In Stock.
<u>California Prop 65:</u>	 <b>WARNING:</b> Cancer and Reproductive Harm - <a href="http://www.P65Warnings.ca.gov">www.P65Warnings.ca.gov</a> .
