

Block-Grip

Specifications
August 2021

<u>Description:</u>	A PVC floor with a block or quadrilateral surface pattern. Although this texture has a modern appeal, its roots are in the cobble-stone, or pavers, of old Greek roads. This design is deeply-rooted in classic architecture but re-invented to meet 21 st -century visual and pragmatic needs. Block-Grip PVC flooring is durable around moisture where carpet, laminate, and wood floors are not.
<u>Material:</u>	PVC
<u>Width:</u>	48"-inch
<u>Length:</u>	50ft rolls, Custom lengths up to 50 continuous feet are available upon request.
<u>Thickness:</u>	2mm or 0.08-inch
<u>Weight:</u>	0.7 lbs per square foot, 140 lbs per 50ft roll
<u>Hardness:</u>	70 Durometer
<u>Tearing Strength:</u>	280 PSI
<u>Tensile Strength:</u>	840 PSI
<u>Available Colors:</u>	Black, Dark Gray, Brown
<u>Applications:</u>	Airports, Animal Transporters, Anti-Skid Surfacing, Anti-Slip Flooring, Art Studios, Auto Shop Lobby, Banks, Bars, Basement Floors, Bathrooms, Boat Deck Flooring, Car Mats, Casinos, Clubs, Factory Aisles, Department Store Aisles, Concrete Deterioration Prevention, Dishwashing Areas, Dog Kennel Mats, Elevators, Entranceways, Escalator Aprons, Equipment Flooring, Exercise Flooring, Factories, Fast Food Facilities, Floor Protection, Flower Shops, Fitness Center Flooring, Garage Floors, Greenhouses, Gym Floors, Ice-Rinks, Industrial Flooring, Laundry Areas, Libraries, Locker Areas, Make-up Rooms, Medical Centers, Museums, Music Studios, Noise Reduction, Non-porous Surface, Pet Bedding, Pharmacy, Post Offices, Prison Pathways, Restaurants, Retail Stores, RVs, Salons, School Facilities, Shop Floors, Spas, Storage Rooms, Textured PVC Flooring, Van Loading Areas, Vapor Barrier, Vet Facilities, Walkways, Warehouses, Wet Areas, Workshop Floor Surfacing, Utility Trailer Flooring.
<u>Excellent Toehold:</u>	The Block-Grip offers excellent slip-resistance to foot-traffic through its PVC polygon-stud protrusions. This PVC floor is ideal in any space that requires above normal traction for the safety of those who traverse the space.
<u>Harmonious Design:</u>	Although PVC floors are a modern conception, the surface-texture of this product has its roots in classic symmetrical designs of Grecian city-states. This harmonious surface design is meant to accentuate the other structures and furniture in the space, rather than invade the room. "Proportion is a correspondence among the measures of the members of an entire work, and of the whole to a certain part selected as standard. From this results the principles of symmetry. Without symmetry and proportion there can be no principles in the design of any temple; that is, if there is no precise relation between its members" —Vitruvius,[1] The Ten Books of Architecture (III, Ch. 1)
<u>Temporary Installations:</u>	Block-Grip is a rolled flooring option. For temporary or semi-permanent installations this roll of PVC can easily be adhered to the floor with double-sided carpet tape. The ease of this type of installation does away with expensive installers and messy adhesives!
<u>Fabric Texture:</u>	The textured subsurface allows double-sided tapes to grip the floor easier, thereby making the installation process easier.
<u>Permanent installations:</u>	Block-Grip PVC Flooring can be permanently adhered to a hard subsurface using Chemrex® CX-941 Adhesive.
<u>Custom Cuts:</u>	Block-Grip can be purchased in any length, up to 50 continuous feet, in half-foot increments. Being a 2mm thick PVC flooring roll means it can easily be cut using a sharp utility knife on location to meet any dimensional requirement.
<u>Cleaning:</u>	Since this product offers moderate chemical resistance, it can be cleaned with most common household cleaners. Strong, highly caustic cleaning solutions (e.g. bleach) are not recommended. Sweeping the top surface and using a damp mop is our recommended method.
<u>Availability:</u>	Block-Grip is always in stock and generally ships the same day (please allow 24-48 hours for custom cut lengths).
<u>California Prop 65:</u>	 WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov .
