

Comfort Cloud

Specifications

August 2021

<u>Description:</u>	These thick and durable tiles offer great comfort, slip prevention, and ease of use. The soft and spongy feel of this product offers great anti-fatigue qualities and cushioning. Far more comfortable than solid rubber mats, this spongy product is light and easy to handle. This mat is best placed in areas where people are expected to remain standing for extended periods of time.
<u>Material:</u>	Rubberized Gel Foam
<u>Thickness:</u>	5/8 inch
<u>Sizes:</u>	18 in x 24 in, 6lbs 24 in x 36 in, 8lbs 30 in x 60 in, 23 lbs
<u>Colors:</u>	Black
<u>Applications:</u>	Anti-Fatigue Flooring, Anti-Slip Flooring, Aquariums, Bars, Bathrooms, Butcher Shops, Car Garages, Car Washes, Cashier Stands, Concrete Floor Covering, Corridors, Employee Work-Stations, Exercise Studios, Food Preparation, Food Service Flooring, Front Counter Mat, Guard Stands, Hallways, Hardwood Floor Covering, Indoor Applications, Industrial Assembly Areas, Kitchens, Dishwashing Areas, Laundry Rooms, Linoleum Floor Covering, Locker Room Matting, Marine Applications, Outdoor Applications, Pathways, Pet Groomers Stations, Pool Decks, Runner Matting, Safety Surfacing, Tile Floor Covering, Washrooms.
<u>Worker Comfort:</u>	This comfort mat comes in a 5/8-inch thickness in order to provide the upmost comfort. Show your employees your appreciation for their contributions by providing them with a comfortable floor. The ample thickness of this foam mat will provide an elastic and supportive surface that will better adhere to their weight reducing sore feet and aching joints. An added benefit of reducing physical discomfort for employees can be improvements in efficiency and vigilance.
<u>Slip Resistance:</u>	Due to the rubberized nature of the foam material of these mats, they offer increased traction that can help prevent slip and fall accidents. Rubber's natural high coefficient of friction makes this product perfectly suited for environments with excessive moisture. People are far less likely to trip while walking or standing on these mats compared to other types of surfaces. Take action now before something costly occurs in your workplace!
<u>Adaptable Aesthetic:</u>	The Comfort Cloud offers an industrial-chic style that is both functional as well as aesthetically pleasing. It has a plain black appearance that is sleek and modern, yet unassuming enough to fit in with any setting.
<u>California Prop 65:</u>	 WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov .
