<u>Excellent Traction:</u>	Diamond-Grip offers excellent traction through its diamond-plated PVC surface texture. PVC's high coefficient of friction is made more pronounced with this surface pattern. The embossed industrial diamond plate is designed for commercial spaces and pathways with extensive foot-traffic.
<u>Industrial Design:</u>	This diamond industrial aesthetic surface design is an excellent choice in PVC floors for locations which want to convey this visual decor. This product is preferred in commercial applications where multi-directional patterns are favored.
<u>Temporary Installations:</u>	This is a simple roll out floor! For temporary installations, this PVC floor can be affixed to the ground with double-sided carpet tape making almost anyone able to install it onto a hard sub-surface. The additional option and availability of custom lengths also allows consumers to buy this PVC floor in a cost-effective manner!
<u>Textured Back-Surface:</u>	With a fabric base finish which adds subsurface traction, the runner's bottom surface helps secure the Diamond-Grip runner mat to the floor even when adhesives are not present.
<u>Permanent installations:</u>	This PVC flooring can be permanently adhered to a hard subsurface using BASF Chemrex® CX-941 Adhesive.
<u>Custom Cuts:</u>	Diamond-Grip can be purchased in any length up to 50 continuous feet in half-foot increments. Being a 4ft x 50ft PVC roll, it can be custom die, laser, or water jet cut to match any dimension or size required. It could also be easily cut using a sharp utility knife on location to meet any dimensional requirement.
<u>Cleaning:</u>	Since this product offers moderate chemical resistance, it can be cleaned with most common household cleaners. Strong, highly caustic cleaning solutions (e.g. bleach) are not recommended.
<u>Availability:</u>	This PVC flooring roll is always in stock and will generally ship the same day (please allow 24-48 hours for custom cut lengths).
