

Door Scraper

Specifications
August 2021

Description:

This is the ultimate rubber doormat designed to act as a scraping surface at commercial entryways. The raised “finger like” rubber protrusions scrape away dirt, snow, and debris while improving safety by increasing traction. Since the rubber mat has raised borders, dirt and moisture are contained within it. The Door-Scraper keeps most of the mess at the door and minimizes interior cleaning costs.

Material

Natural and recycled rubber products

Sizes:

24 inch x 32 inch, 15lbs.

32 inch x 39 inch, 25lbs.

36 inch x 72 inch, 50 lbs.

Thickness:

5/8”-inch

Available Border Colors:

Black, Yellow, Red, Brown, Blue.

Applications:

Anti-Slip Floor, Airport Entryways, Barns, Boat Docks, Boats, Car Shops, Concert Venue, Construction Sites, Commercial Door Mat, Colleges, Corridors, Cruises, Eco-Floors, Entrance Mat, Equipment Rental, Farms, Golf Courses, Grocery Stores, Hospital and Medical Buildings, Hotels, Heavy Duty Floor Mats, Inclines, Industrial Buildings, Lumber Yards, Malls, Mountain Resorts, No-Slip Mat Product, Outdoor Events, Outdoor Walkways, Outside Door Mat, Rubber Door Mat, Shop Matting, Ski Resorts, Snow & Ice, Special Events, Storerooms, Traction Flooring, Wet Areas

Finger-Top Surface:

The “finger like” surface texture of this mat makes it an ideal scraper for high foot traffic commercial entryways. Keep your indoor flooring clean by strategically placing two mats on each side of entry doors (i.e. indoor and outdoor). Most importantly, the “finger like” surface texture maximizes safety and traction by reducing the possibility of slips due to moisture.

Bright Colors:

This mat is available with a bright (yellow, brown, blue, red) beveled edge which increases the visibility of the mat. This increases awareness and safety by alarming oncoming foot-traffic of the location of the mat.

Cleaning:

The resilient rubber surface resists common liquids and the runner can be cleaned by any common commercial or household cleaning agents or hosed or mopped in outdoor applications. Once dried the product can be reinstalled with ease.

Natural & Recycled Rubber:

This doormat has a combination of both environmentally friendly, recycled, and natural based rubbers making this doormat appealing as a sustainable product.

Availability:

The Door Scraper mat is generally stocked and will ship within 24 hours.

California Prop 65:
