

Dura-Scraper Wave

Specifications

August 2021

<u>Description:</u>	A high-performance yet low-cost scraper mat ideal for any industrial or commercial application in need of slip-proof, water-resistant, and durable flooring. This rubber mat offers an unexpected design for those dull work areas!
<u>Materials:</u>	Reclaimed SBR, Natural Rubber
<u>Thickness:</u>	3/8-inch
<u>Available Sizes:</u>	24-inch x 36-inch
<u>Weight:</u>	8.3lbs
<u>Available Colors:</u>	Black
<u>Applications:</u>	Anti-Fatigue, Anti-Slip, Bar Matting, Cafeterias, Car Wash, Cashiers, Comfort Mats, Commercial Foodservice Plants, Cruise Ships, Deli Counters, Factory Assembly Lines, Green Flooring, High-Traffic Entryways, Hospitality, Industrial Machinery, Laundry Floors, Locker Areas, Manufacturing Plants, Non-Skid Mats, Outdoor Applications, Public Pools, Restaurants and Clubs, Safety Floor Mats, Scraper Floors, Shower Rooms, Traction Surfacing, Washrooms, Workstations. You'll be hard pressed to find another flooring option out there that requires such minimal maintenance. There is no need for specialty equipment or cleaning supplies when you're caring for your Dura-Scraper Wave. Although keeping this mat clean will enhance its performance—it will take very little effort!
<u>Maintenance:</u>	
<u>Why Buy PVC Mats:</u>	PVC Mats (as well as many other types of flooring) are simply not beneficial to the environment. Because the Dura-Scraper Wave mats are made from reclaimed and natural materials, they are a great alternative for the environmentally-conscious consumer. PVC (polyvinyl chloride) plastic, commonly referred to as vinyl, is one of the most hazardous consumer products ever created.
<u>Safety and Comfort:</u>	These mats excel at providing comfort and protection to all who work or walk upon them. They will support the body and offer a surface with increased traction, which is a quality that will help prevent slips and falls. According to the U.S. Bureau of Labor Statistics [2009], the incidence rate of lost-workday injuries from slips, trips, and falls was 38.2 per 10,000 employees. Slips, trips, and falls as a whole are the second most common cause of lost-workday injuries in hospitals.
<u>Wave Design:</u>	The fluid design that replicates the gentle ebb and flow of water is going to make an interesting focal point for anyone to look at. But this design serves a lot more than just aesthetics! The waves are ribbed rubber and are indented into the mat itself providing channels upon which feet can be scraped. The true beauty of this design is its functionality—the Dura-Scraper Wave will help to keep internal floors free of debris, which can and will reduce cleaning costs.
<u>Availability:</u>	The Dura-Scraper Wave is always in stock and will generally ship within 24 hours.
<u>California Prop 65:</u>	 WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov .
