

# Eco-Drain Tile

Specifications  
August 2021

<u>Description:</u>	A thick and durable interlocking rubber tile with drainage holes. This is the perfect industrial flooring, pool tile, or locker-room floors. This interlocking tile possesses excellent drainage capabilities making for non-slip floors even when moisture is abundant. The ample gauge of these tiles makes for an ultra-comfortable product.
<u>Materials:</u>	Natural and Reclaimed Rubber Mixture
<u>Thickness:</u>	5/8-inch
<u>Sizes:</u>	20-inch by 20-inch (approximate)
<u>Weight:</u>	4.4lbs
<u>Colors:</u>	Black
<u>Applications:</u>	Anti-Fatigue Flooring, Anti-Slip Flooring, Automotive, Aquariums, Bars, Bathrooms, Car Washes, Cashier Stands, Comfort Floors, Concrete Floor Covering, Corridors, Drainage Floors, Employee Work-Stations, Factories, Food Preparation, Food Service Flooring, Green Flooring, High Foot-Traffic Flooring, Indoor Applications, Industrial Applications, Dishwashing Areas, Laundry Rooms, Linoleum Floor Covering, Locker Room Matting, Mall Entrances, Manufacturing Safety Floors, Marine Applications, Outdoor Applications, Pathways, Pet Groomers Stations, Pool Decks, Protective Floors, Runner Matting, Safety Surfacing, Slip and Fall Prevention, Traction Flooring, Washrooms, Wet Floors.
<u>Drainage:</u>	Along the surface of these durable interlocking tiles are drainage holes which will allow water and other spilt or leaked liquids to travel to the subfloors, eliminating the risk of slipping or falling while standing or walking. They are excellent at removing moisture from surfaces.
<u>Installation:</u>	These tiles are incredibly easy to install, in fact they can even be very friendly “Do-It-Yourself” project. They will stay down under their own weight, meaning that the use of adhesives isn’t necessary. This product can also be moved around at will, making them great as a temporary or modular flooring option. If you have areas that may need seasonal flooring to protect foot-traffic, the Eco-Drain Tiles is your best bet!
<u>Comfortable:</u>	Despite this product’s enhanced durability, it is also extremely comfortable. It will support the weight of your body, preserve your bones and joints, and it will reduce fatigue when stood or worked upon. Not only will these tiles protect workers, but they will protect subfloors as well!
<u>Easy Cleaning:</u>	This product will not need expensive cleaning equipment—it will never need to be waxed or polished. These tiles can simply be hosed off, mopped, or swept. Water and inexpensive cleaners work well for regular maintenance.
<u>Eco-Friendly:</u>	Many savvy companies realized that investing in green product development would pay off. These products are usually made in factories which are environmentally friendly, such as facilities built from recycled materials which use solar panels for power, and the product themselves are made from components which are also good for the environment, like plant-sourced ingredients (i.e. natural rubber), or recycled rubbers. Apart from doing the environment a great good by choosing eco-conscious rubber flooring, recycled surfacing options are also less expensive!
<u>Cleaning:</u>	This product can be cleaned using any everyday household cleansers or cleaning implements. Indoor cleaning involves a broom or if needed a damp mop. For outdoor cleaning a water hose or broom is sufficient. If desired, a mild detergent can be used to sanitize the surface.
<u>Availability:</u>	The Eco-Drain Tile is always in stock and will generally ship within 24 hours.
<u>California Prop 65:</u>	 <b>WARNING:</b> Cancer and Reproductive Harm - <a href="http://www.P65Warnings.ca.gov">www.P65Warnings.ca.gov</a> .
