

Maxx-Tuff

Specifications
August 2021

Description:

A 12mm thick (just under 1/2-inch) heavy-duty rubber mat designed for high impact and abrasive applications. The surface contains a honeycomb texture for a unique and aesthetically pleasing look while also providing excellent floor protection. Maxx-Tuff is the heavy-duty mat that is recommended for areas that will get extra impact or abuse, such as a dead-lift zone in a gym where heavy weights will be dropped multiple times throughout the day.

Material:

SBR and Reclaimed Rubber

Mat Sizes:

4ft. x 6ft., 80 lbs

3ft. x 4ft., 40 lbs

2ft. x 3ft., 20 lbs

Thickness:

1/2"-inch

Weight:

3.33lbs per square foot

Hardness:

60 Shore A Nominal

Flame Spread:

Less than 0.50 inch Minute

Black

Applications:

Athletic Arenas, Art Studios, Anti-Fatigue, Barns, Boats, Commercial Fitness Facilities, Doggie Day Care, Eco-Friendly Tiles, Elevators, Exercise Equipment Mat, Farm Facilities, Sport Equipment, Floor Protection, Golf Course, Home Gyms, Horse Mats, Heavy Duty Flooring, Ice Rinks, In-Line Skating, Industrial Applications, Kennel Mats, Locker Rooms, Mat for Treadmill, Pet Care, Protective Rubber, Runways, Shelving, Spike Protection, Soundproofing, Weight Rooms, Laundromats, Wash Rooms, Wine Cellars, Warehouse, Storage Rooms, Work-Bench Mats, Zoos.

Unmatched Durability:

This tough, heavy-duty rubber mat will outlast the meanest consumers and most abrasive environments. The aptly named Maxx-Tuff is designed to protect floors from wear & tear of commercial or industrial foot traffic and equipment. Just under 1/2-inch thick, this durable but attractive mat will perform and shine in any setting.

Tough & Resilient:

The resilient qualities of rubber are maximized due to the bottom texture of Maxx-Tuff. Each square foot of this rubber matting is fabricated with a diamond pattern subsurface which enhances the comfort qualities of the rubber mat. The honeycomb top surface has a classic appeal with intrinsic traction qualities.

Modern Design:

This modern, sleek, low profile, and non-directional look makes the Maxx-Tuff another durable choice in rubber flooring with a pretty face.

Installations:

This product is generally heavy enough where its own weight will hold it down.

Cleaning:

Being that this product offers moderate chemical resistance, it can be cleaned with most common household cleaners. Strong, highly caustic cleaning solutions (e.g. bleach) are not recommended. For indoor use, mopping the product is ideal. For outdoor applications either a hose or a broom is the best cleaning method.

Availability:

Maxx-Tuff is always in stock and will generally ship within 24 hours.
