

Revolution Rubber Tiles

Specifications
August 2023

Description:

The ultimate in rubber flooring comfort, aesthetics, and appeal! These 1/2-Inch (12mm) thick rubber tiles spanning 9 square feet (3ft. by 3ft.) means fewer joints than smaller tiles. The interlocking tile is simple to install and is the most comfortable and seamless look of any rubber flooring product. Compare the finish and the feel to any rubber flooring roll and you will see why we call it a “Revolution” in rubber floors! Most notably, this eco-friendly rubber tile is made from natural rubber (tree derived) and reclaimed rubber materials.
