

# Safe-Grip Mat

Specifications  
August 2021

## Description:

This is a 1/4-inch thick rubber mat produced from natural rubber (NR) and exhibits good elasticity and flexibility. This rubber mat contains drainage holes that allow liquids to pass through, thereby reducing the risk of slips and falls. The raised protrusions also provide excellent scraping action to remove dirt, mud, and debris from the bottoms of shoes. The rubber in this product offers excellent durability which makes it ideal for commercial and industrial applications.

## Material

Natural Rubber (NR)

## Thickness:

1/4"-inch

## Sizes:

34 inch x 2 ft

34 inch x 4 ft

34 inch x 8 ft

34 inch x 50 ft

## Custom Sizes:

Rolled version of the Safe-Grip Mat can be purchased in custom lengths up to 50 continuous feet (in half foot increments). Full rolls weigh 150 lbs.

## Colors:

Black, Brown, Red

## Weight:

One pound per square foot

## Natural Rubber:

The Para rubber tree is the source of NR latex which makes this a more environmentally friendly elastomer than its synthetic (petroleum based) counter-parts. This product is subject to microbial and aerobic biodegradation, hence it is biodegradable and can be broken down and reused. Natural rubber has superior rebound and elasticity, so the mat will also provide more comfort and bounce-back cushion.

## Applications:

Art Studios, Athletic Areas, Bar Mat, Bathroom Non-Slip Mats, Boat Floor Covering, Buffet Lines, Clubhouses, Coffee Shops, Delis, Elevators, Entryways, Floor Protector Mats, Kitchen Rubber Runner, Locker-Rooms, Laundry Mats, Non-Skid Mat, Pet Facilities, Pools, Floor Protection, Restaurant Mat, Retail Shops, Ribbed Runner, Showers, Ski Resorts, Spas, Temporary Applications, Waiting Rooms, Wet Industrial Applications.

## Traction

Excellent Traction and light drainage qualities make this rubber runner mat perfect for food & beverage or locker-room applications that require lightweight and grease resistant mats for easy handling. Safe-Grip matting is recommended for general use in factories, animal groomers, outdoor showers, laboratories, and industrial areas where the ground surface may be wet.

## Cleaning:

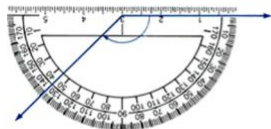

The Safe-Grip Mat has excellent resistance to most common commercial cleaning agents.

## Availability:

This rubber flooring mat is typically in stock.
