

"Safety First" Rubber Stair Mats

Specifications
August 2021

Description:

These eco-friendly rubber step mats are ideal for home and industrial stair step applications. These stair mats are affordable and all-weather ready! Use them year round for indoor or outdoor applications where safety and slip-resistance is needed. The Safety First staircase treads also protect the subsurface of the steps and scrape away dirt and debris from the bottoms of shoes! These step mats are made from 100% recycled and reclaimed rubber materials so they are a sustainable and eco-conscious choice.

Material

Natural and reclaimed rubber products

Sizes:

10" x 29.75", 2.5 lbs. per mat

Thickness:

1/8"-inch

Available Colors:

Black.

Applications:

Anti-Slip, commercial stairways, indoor stairs, outdoor stair cases

Traction:

The Safety First rubber treads offer excellent traction that makes safety issues obsolete. Rubber's natural coefficient of friction makes this material ideal for staircase applications even when wet or moist from spills or weathering.

Safety:

Don't worry about slips and falls on staircases any longer! Install Safety First rubber stair mats to ensure that your footing is always secure whether you are descending or ascending the steps.

Installation:

For temporary installations that may require extra assurance, a double-sided tape is more than sufficient to keep these mats in place. For permanent installations using adhesive, installation guides are available upon request.

Cleaning

These mats may require cleaning from time to time since they are designed to scrape dirt and debris off of the bottom of shoes. They can be wiped or rinsed whenever needed for quick and easy cleaning.

Availability:

In Stock.

California Prop 65:

 **WARNING:** Cancer and Reproductive Harm - www.P65Warnings.ca.gov.
